New Management Announced at LPKF China

TUALATIN, OR — September 2011 — LPKF, a leading manufacturer of both mechanical and laser systems, announces that Volker Kühnle will take over management of the seven LPKF subsidiaries in China, effective immediately.

From the Shanghai location, Kühnle will coordinate activities in Chengdu, Shenzhen, Suzhou, Tianjin, Beijing and Hong Kong. He has been doing business in China for more than 20 years, and has resided in China for more than 10 years. Volker brings extensive sales experience from German mechanical engineering companies. At LPKF, he will expand the sales and service network and emphasize the company's focus on laser scribers for thin-film solar modules as well as laser plastic welding equipment.

LPKF's recent distributor meeting held at headquarters in Garbsen, Germany offered Kühnle an excellent introduction. More than 110 participants from 40 countries learned about the latest products, application examples and current developments across all LPKF business divisions.

Volker Kühnle, LPKF's new CEO
of LPKF China
