LPKF Strengthens Management for Product Line Laser Plastic Welding

Tualatin, OR, September 2014 - The management team of the LPKF Laser & Electronics AG Laser Plastic Welding business unit in Fürth welcomes Markus König as the new head of the Operations and Development divisions.

After studying mechanical engineering and specializing in production engineering, Markus worked as a management consultant, global supply chain director for a British filtration systems manufacturer. He was also CEO of the manufacturing subsidiary of a German machinery and equipment manufacturing company.

At the LPKF sales meeting held at the end of July, Markus took the opportunity to find out more about LPKF's products and network with colleagues and distributors.
