

Basics

The name REACH is a European Union regulation with the full name “Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency”.

Relevant substances

The substances according to Article 7 of the REACH Regulation that are listed in the candidate list (available at <http://echa.europa.eu/candidate-list-table>) are declared in the Safety Data Sheets that belong to the product.

Declaration on REACH and SVHC substances in LPKF products

LPKF Laser & Electronics AG observes the REACH Regulation to its best knowledge when labeling the chemical products and preparing the related Safety Data Sheets.

To our knowledge, we do not use any substances for our products that are listed in annex XIV of the REACH Regulation at the moment.

We are in close contact with our suppliers and check our own preparations on the basis of the current candidate list regularly.

If any changes in the quality, the delivery capacity or the individual properties of our products arise from the REACH Regulation, we will inform you and coordinate measures with you if necessary.
